YUTAKA 5000 PLANK SERIES

YU-5100V
IKEMEN -slim block- p.3-4

MADE IN JAPAN

The history of “TOLI” originated with the production and distribution of “YUTAKA-ORI” back in 1889. “YUTAKA-ORI” was the elaborate designed plain-woven rug using rice straw. It was exported to overseas as a valuable handicraft at the time, which had greatly contributed to the economic growth of modern Japan.

Since then, “YUTAKA” is a significant name to us, which stands for “Origin”, “Tradition”, and “Pride” of TOLI Corporation.

After more than one century from that era, “YUTAKA” has been revived as the carpet tile product “YUTAKA collection”.

We TOLI Corporation have persisted in “manufacturing” over a century, and all our technologies are condensed in this “YUTAKA collection”.

We believe TOLI carpet tile “YUTAKA collection” will definitely contribute to the creation of sophisticated spaces.

YUTAKA5000 PLANK

The current 25cm x 100cm plank carpet tiles had been officially launched by TOLI Corporation Japan back in 2006 for the first time in the world. This alternative size was highly inspired by our own wood-look vinyl plank tiles, and enjoyed a good reputation as the innovative solution for more flexible floor layouts. We have kept this particular size only in our high-end GX series for years, but now it's high time to put it in the export range as YUTAKA5000 PLANK.

This amazing pair YU-5100V IKEMEN-slim block- and YU-5200V OTOME -shades of dream- will expand the possibility of stylish floor designs such as ashlar, herringbone, 1m x 1m parquet, combination with 50cm x 50cm, and much more.

YU-5100V

IKEMEN

-slim block-

Elegant, but dynamic.
Gentle, but strong.
Casual, but sophisticated.
Natural, but cutting-edge.
Just like a Japanese cool guy IKEMEN,
versatile attractiveness is well described
in the slim block pattern.

Fantastic Combination

from YUTAKA5000PLANK SERIES

YU5201V / YU5202V / YU5211V / YU5212V

Installed with tackifier

Meter Module

YUTAKA SERIES and Loose Lay Tile (NW-EX SERIES) offer infinite possibilities.

YU1121 / YU1122 / TTN1106

Designed to be installed together

Loose Lay Tile LL Free 50NW-EX and LL Free 40NW-EX have both won the Good Design Award.

① Installed with tackifier

Both YUTAKA SERIES and Loose Lay Tile (NW-EX SERIES) can be installed with the same tackifier adhesive. Because of that, the tiles can be easily replaced.

② Same-sized Module

Due to the same-sized module (1m), both products can be installed together. The surface of carpet has been designed to be a little thick because your feet sink into the pile when you step on it.

③ Same Way of Maintenance

Loose Lay Tiles of NW-EX SERIES do not need any wax application, so they can be cleaned along with the carpet using a vacuum cleaner.

*NW-EX SERIES repels wax liquids. Please do not use any wax coating for maintenance.

YU5203V / TTN3212

YU2121 / YU2122 / YU2128 / TTN3125

TOLI's post-dyeing technology based on long-term experience of producing YUTAKA SERIES can recreate any custom color you want.

Color Control based on our own know-how

We can freely control the hue and density of the color using TOLI's post-dyeing technology based on long-term experience of producing YUTAKA SERIES. Post-dyeing can provide the most flexible color matching to the color you need.

Reliable Quality of YUTAKA SERIES

Excellent color-fastness will not cause any color-changing nor color-fading for general of office use. The surface is stain-release finished using fluororesin.

Order Requirements

Minimum Required Qty for Custom Colors is 300m² per color. It is the advantage of post-dyed products that the custom colors can be produced even for small projects.

Pale Orange (YU1162) / YU1121 / YU1133

《Order Process》

Remarks

- Please bear in mind that there may be a slight color difference between the color target sample and the actual product.
- We may require extra time for production, depending on the order volume.

- Please be sure to check the price and delivery time when placing an order.
- For some specific colors (such as too light colors), we may not be able to meet your requirements due to the manufacturing process and/or quality reasons.

Light Gray (YU2361) / Charcoal (YU2363)

YUTAKA 1000 SERIES

YUTAKA 1000 is an easy-to-use modular carpet with the classic linear pattern.

YU-1100, inspired by Japanese traditional “Shima Moyo”, will create a basic modern space in quarter turn installation.

YU-1200, where stripes are more blended in with the base, can be well coordinated and convey more chic feeling.

YU-1300, characterized by its vivid pinstripes on the charcoal base, will produce an expressive floor image.

As the standard product for office and corporate segment, YUTAKA 1000 is well received in many projects.

YU-1100

YU-1300

YUTAKA 2000 SERIES

YUTAKA 2000 is a design-oriented modular carpet.

YU-2100 “URBAN HARMONY”, featured by its high-quality deep striped pattern, harmonizes well with stylish furniture, and creates a high-end urban office space.

YU-2200 “NATURE CRESCENDO” has vibrant gradation inspired by expressive nature. Beautiful colors symbolizing ocean, forest, and ground will stand out more in spacious areas.

YU-2300 “EARTH RHYME” owns refined pattern made by overlapping many lattice designs.

Earth-look texture will create a unique rhythmic floor image, just like a rhyme.

Stylish office space and elegant hospitality atmosphere can be effectively created by YUTAKA 2000.

Stain Release -Antifouling Finished-

TOLI nylon carpet tile products have Stain Release property by fluoridation. Because of its antifouling effect, stains are not easily stuck to the surface and a good appearance can last. It also shows an excellent water & oil repellent performance. Even if water or oil is spilt, the surface of the tiles will repel them. Once you wipe them off, the stain cannot be left.

Results of Water-Repellent Testing

(a) Carpet Tile with Stain Release

(b) Carpet Tile without Stain Release

On the carpet tile without Stain Release (b), the fluid will promptly sink into the surface, but the carpet tile with Stain Release (a) shows excellent repelling performance.

Notes on Installation

- ◆ Apply the adhesive on the whole surface of the sub-floor thinly and evenly. After drying, when the adhesive becomes translucent, install the tiles. Be careful not to put the tiles too tightly.
- ◆ The stripes differ in position on a tile-by-tile basis so that they will not be exactly connected between the tiles (please refer to the installation image).
- ◆ In Quarter Turn installation, sometimes the crossover point of joints may appear to be misaligned. That is an optical illusion, not a manufacturing defect.

Recommended Adhesive from TOLI

TOLI ECO GA Cement

(required quantity)

for steel or plastic sub-floor : 40 to 60 gram/m²

for mortar and wood sub-floor : 60 to 100 gram/m²

Storage

When you store the products, do not pile up more than 6 boxes for a better preservation.

Others

Please note that the product has the indigenous odor from its materials.

Function Marks

Stain-Resistant

Flame-Retardant

Antistatic
